counseling service by  
university**

# HNGU BEST PRACTICES 2020-21

## BEST PRACTICE -1

<p><b>1. Title of the Practice</b> This title should capture the keywords that describe the practice.</p>	Legal and health counseling service by university
<p><b>2. Duration (year of inception-year of discontinuation)</b> What is year of inception? Is the practice still continuing? If not, what is the year of discontinuation?</p>	Lock down period 2020-21
<p><b>3. Objectives of the Practice</b> What are the objectives / intended outcomes of this “best practice” and what are the underlying principles or concepts of this practice (in about 100 words)?</p>	<p>To provide counseling for mental, physical and legal help to all women and students of Patan, Legal and health counseling service was initiated by University during COVID-19 pandemic fist wave. Negative impacts of COVID-19 on public health and the economy, in fact, generate a multitude of unintended negative consequences for women and girls, and in most instances further exacerbate existing gender inequalities. Women faced higher rates of job losses, Greater burden of domestic and care work, increased risk of pregnancies related death and teen pregnancies, spikes in sexual, physical and domestic violence and exploitation was at highest pic at that time.</p> <p>So there is a need of counseling for all women in campus and outside the campus.</p> <p>All citizens of Patan were included for counseling.</p>
<p><b>4. The Context</b> What were the contextual features or challenging issues that needed to be addressed in designing and implementing this practice (in about 150 words)?</p>	<p>According to National Commission for Women (NCW) data, 54 cybercrime complaints were received online in April 2020 in comparison to 37 complaints received online and by post in March, and 21 complaints in February. They received a total of 412 genuine complaints of cyber abuse from March 25 till April 25. Out of these, as many as 396 complaints were serious ones from women, (and these) ranged from abuse, indecent exposure, unsolicited obscene pictures, threats, malicious emails claiming their account was hacked, ransom demands, blackmail and more. Cyber criminals have become innovative and craftier in their techniques during pandemic period. Another important point was the mental health concern due to high stress during covid pandemic. Women suffered a lot who were alone or were in families. To keep mentally stress free, one has to take some measures like set oneself a reminder to take a break from the news. Find moments of happiness by connecting with friends and family, relaxing and practicing mindfulness. As the COVID19 pandemic is keeping most of us away from our loved ones, it’s completely normal to feel anxious, isolated or overwhelmed with work or family responsibilities. There are</p>

	many ways you can stay connected with your community while you stay physically apart. Supporting those around you and staying close to your community can help you stay strong while helping others.
<p><b>5. The Practice</b></p> <p>Describe the practice and its uniqueness in the context of India higher education. What were the constraints / limitations, if any, faced (in about 400 words)?</p>	<p>To handle various women issues, a legal advisory committee via circular no 74/2020/cash and date 14/05/2020 was formed by the advice of our honorable Vice Chancellor, to help girls and women of not only from campus but any women who can approach committee. Under this practice, all women who were indoor could contact any of the members telephonically at any time. The problem was discussed with council members online and the required remedy was suggested like contacting police or any authority in benefit of the women. Even legal advices were provided and how to preserve the proofs, advices were given to the women. Women should be mentally and physically healthy, many webinar links were shared with them.</p> <p>To help in health issues another committee was formulated via circular by the advice of our honorable Vice Chancellor. In this committee, counselors were doctors, who could help women for many physical and psychological issues.</p>
<p><b>6. Evidence of Success</b></p> <p>Provide evidence of success such as performance against targets and benchmarks, review/results. What do these results indicate? Describe in about 200 words.</p>	<p>A free counseling has been provided by the committee irrespective time and place to many girls and women.</p> <p>Committee provided medical help both physical and mental for both male and female students and also faculties during and after lockdown.</p> <p>On average 20 calls were taken by each member of committee every day. The caller use to be a new person or same person, speaking out of anxiety.</p>
<p><b>7. Problems Encountered and Resources Required</b></p> <p>Please identify the problems encountered and resources required to implement the practice (in about 150 words).</p>	<p>Network connectivity was an issue.</p>
<p><b>8. Notes (Optional)</b></p> <p>Please add any other information that may be relevant for adopting/ implementing the Best Practice in other Institutions (in about 150 words).</p>	<p><a href="https://www.ngu.ac.in/Gallery.aspx">https://www.ngu.ac.in/Gallery.aspx</a></p>

**BEST PRACTICE-2 2020-21**

# **HNGU BEST PRACTICES 2020-21**

## **BEST PRACTICE -2**

**Well being of University  
during Lock down**

# HNGU BEST PRACTICES 2020-21

## BEST PRACTICE -2

<b>1. Title of the Practice</b> This title should capture the keywords that describe the practice.	Well being of University during Lock down
<b>2. Duration (year of inception-year of discontinuation)</b> What is year of inception? Is the practice still continuing? If not, what is the year of discontinuation?	2020
<b>3. Objectives of the Practice</b> What are the objectives / intended outcomes of this “best practice” and what are the underlying principles or concepts of this practice (in about 100 words)?	COVID-19 is pandemic of this century which affected everyone. All countries are fighting against it in all possible manners in all possible ways. All professionals of all industries are performing their best to fight against it and teachers are one amongst them. Education is the strongest bone of any country’s economy, so we should try to strengthen this bone by practicing all innovations which can take our country to the next level. Creating the awareness among society and designing new tools of learning is the need of hour in present situation.
<b>4. The Context</b> What were the contextual features or challenging issues that needed to be addressed in designing and implementing this practice (in about 150 words)?	University has not ceased its academic, research and extension activities due to COVID-19 lockdown. Academic, research and extension functions of the University were conducted in full swing during the lockdown period. University Online Platform has been strengthened and fully utilized during COVID-19 lockdown period in order to facilitate online teaching, learning and evaluation to the Regular Students.
<b>5. The Practice</b> Describe the practice and its uniqueness in the context of India higher education. What were the constraints / limitations, if any, faced (in about 400 words)?	Extension Activities Undertaken at the Campus during COVID-19 <ol style="list-style-type: none"><li>1. Maintaining Social Distancing (1 metre distance) by all in the campus.</li><li>2. Purchased units and being used to take thermal test daily to all in the campus.</li><li>3. Produced Sanitizer at our own Laboratory (Chemistry) and provided for use at all gates and workplace even to PATAN City (30000 units)</li><li>4. Procured and distributed over 4000 facemasks to all employees.</li><li>5. Sanitizer dispensers for university departments.</li><li>6. Disinfection at all office buildings and Academic blocks every week.</li><li>7. Vaccination program for all students and employees of university (Both dose).</li><li>8. Government communications have been sent through Circulars from time to time (lockdown, safety measures, self-declaration).</li><li>9. Work From Home (WFH) implemented.</li><li>10. Academic Year 2020-21 admission process/ Teaching/ continuous evaluation by Online mode by University Departments.</li><li>11. Personal meetings by visitors with officials discouraged, but encouraged to contact through Phone and emails.</li></ol>

<p><b>6. Evidence of Success</b></p> <p>Provide evidence of success such as performance against targets and benchmarks, review/results. What do these results indicate? Describe in about 200 words.</p>	<p>University is also making use of Cisco WebEx and Microsoft Teams for conducting webinars, guest lectures, celebrity talk and workshops from eminent personnel from education industry. Webinars are properly recorded and provide a good online discussion forum for speaker and audience. Everyday a number of webinars are being conducted related to different domains.</p> <table border="1" data-bbox="750 317 1529 520"> <thead> <tr> <th>No.</th> <th>Events</th> <th>No. of Events</th> <th>No. of Beneficiaries</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>Webinars</td> <td>21</td> <td>2076</td> </tr> <tr> <td>2.</td> <td>Certificate Program</td> <td>4</td> <td>1000</td> </tr> </tbody> </table>	No.	Events	No. of Events	No. of Beneficiaries	1. Presents

# Online Certificate Course on Analytical Tools For Chemical Analysis

Course Duration : Two Weeks  
Eligibility: Any Student of School and College

## Course Highlights

- Refractometry
- Atomic Absorption Spectroscopy
- TLC and HPTLC
- IR Spectroscopy
- UV-Visible Spectroscopy

[Click Here for Online Registration](#)
